PROFILE

Seeking opportunities as a Front End Developer / Web Developer. Open to Software Engineers / Software Developer roles

Abrial is always keen to learn a new programming skill through online courses by building small projects along the way. With a diploma in Information Communication Technology, Abrial has worked inside an IT company as an Associate Consultant, Application for 2 years before moving on to pursue her passion in F&B. F&B has taught her to be meticulous and able to work under high pressure. Now, she has decided to pursue F&B as a side hobby.

WORK EXPERIENCE

ICT/IT: Junior Software Developer

Industrial Electronics Pte Ltd

May 2021 - Sep 2022

- Worked and maintain a content management application with React / Redux / Material-UI / Node.js/ graphql/ typeGraphQL / MongoDB
